ABOUT ME

I'm an ICT student at Mahidol University, passionate about software and thrive on tackling complex challenges. Focusing on the practical application and continuous learning.

EDUCATION

Mahidol University
Faculty of Information and Communication Technology
(First Term) GPA : 3.79
2024 - present

Thawaranukul
Computer & English Program
GPA : 3.95
2018 - 2024

LANGUAGE

- THAI
- ENGLISH

CODING SKILL

- Java
- C
- Python

EXPERIENCE

ICT Programming Class — *2024 - present*
- Developed Java applications demonstrating Object-Oriented Programming (OOP) concepts, including class design, encapsulation, and inheritance.
- Created programs that read and write text files to manage data input/output, providing a foundation for future display systems.
- Used Python to solve mathematical problems, applying logical thinking and algorithmic techniques.

Basic programming with ICT Mahidol — *2023*
Displaying results using a GUI window to show, increase, decrease, and reset number using Python. Basic writing with openCV using Python.

National Student Arts and Crafts Competition — *2023*
The 70th National Student Art and Craft Competition for the academic year 2023. The competition featured Web Applications development for students in grades 10-12.

Student Arts and Crafts Competition — *2022*
The 70th District-level Student Art and Craft Competition for the academic year 2022. The competition featured Web Applications creation activities for students from grades 10 to 12. Received a gold medal and won the first prize.
